

Mentor List for 2008

Name	Department	Field	Phone	E-mail
Alicia Melendez	Biology	Field of biomedically-related research: Developmental Genetics.	(718)-997-4580	Alicia.Melendez@qc.cuny.edu
Andreal Li	Psychology	Field of biomedically-related research: Neural mechanisms underlying visual perception of orientation and 3-D shape.	(718)-997-3058	Andrea.Li@qc.cuny.edu
Igor L. Kuskovsky	Physics	Field of Biomedically-related research: Detection of bio-molecules using coupled QDs.	(718)997-3367	Igor.kuskovsky@qc.cuny.edu
Jeffrey Halperin	Psychology	Field of biomedically-related research: Neural basis of attention and inhibitory control.	(718)-997-3254	Jeffrey.halperin@qc.cuny.edu
Jianbo Liu	Chemistry & Biochemistry	Field of biomedically-related research: Photooxidation of biomolecules using ion-molecule reaction techniques and computational simulations.	(718)-997-3271	Jianbo.liu@qc.cuny.edu
John Dennehy	Biology	Field of research: Evolution of Emerging Infectious Diseases.	(718)-997-3411	jdennehy@gmail.com
Joshua C. Brumberg	Psychology	Field of biomedically-related research: Neuroscience	(718)-997-3541	joshua_brumberg@qc.cuny.edu
Nathalia Holtzman	Biology	Field of biomedically-related research: Developmental Biology (heart development in zebrafish).	(718)997-3678	nathalia.holtzman@qc.cuny.edu
Richard J. Bodnar	Psychology	Field of biomedically-related research: Neurobiology and neuropharmacology of flavor-flavor conditioned preferences in rats; Neuroanatomical pathways mediating sex differences in central morphine analgesia.	(718)-997-3543	richard.bodnar@qc.cuny.edu
Robert Ranaldi	Psychology	Field of biomedically-related research: Behavioral Neuroscience.	(718)-997-3553	Robert.Ranaldi@qc.cuny.edu
Sanjai Kumar	Chemistry & Biochemistry	Field of research: Protein tyrosine phosphatases.	(718)-997-4120	Sanjai.kumar@qc.cuny.edu
Susan Croll	Psychology	Field of biomedical-related research: Growth factors in neurological disease	(718)-997-3551	Susan.croll@qc.cuny.edu or profcroll@yahoo.com
Susan A. Rotenberg	Chemistry & Biochemistry	Field of biomedical-related research: Molecular Mechanisms of Cell Metastasis.	(718)-997-4133	Susan.Rotenberg@qc.cuny.edu
Timothy Short	Biology	Field of biomedically-related research: molecular physiology, signal transduction, and development in plants.	(718) 997- 3414	Timothy.Short@qc.cuny.edu
William H. Hersh	Chemistry and Biochemistry	Field of biomedically-related research: Synthesis of antisense oligonucleotides.	(718)997-4144	william.hersh@qc.cuny.edu
Wilma Saffran	Chemistry and Biochemistry	Field of biomedically-related research: DNA repair	(718)-997-4195	Wilma.Saffran@qc.cuny.edu
