Francisca Vieira, Office Assistant
Dear Friends,

The John D. Calandra Italian American Institute of The City University of New York is pleased to welcome you to the 26th annual celebration of Italian Heritage and Culture Month. This year’s theme is dedicated to the work of Constantino Brumidi and coincides with the 150th anniversary of his arrival in New York on September 18, 1852.

Constantino Brumidi was born in Rome, Italy, and his artistic vision was based on the wall paintings of Ancient Rome and Pompeii, as well as classical artists of the Renaissance such as Raphael. Brumidi is generally known as the Michelangelo of the U.S. Capitol. Among other things, he was commissioned to paint the Rotunda which features the “Apoteosis of George Washington.” Brumidi painted murals throughout the U.S. Capitol for over twenty-five years. The majority of his work outside the Capitol was religious in nature, such as altarpieces for churches from New York to Mexico. In New York City, Brumidi created the “Crucifixion” for Our Lady of the Scapular and Saint Stephen Church and The Church of the Holy Innocents in Manhattan as well as for the Chapel of the Immaculate Conception, College of Mount Saint Vincent in Riverdale.

The month of activities planned in celebration of Constantino Brumidi will represent a variety of cultural events that have been organized for your enjoyment. On behalf of the CUNY units represented in this booklet, we invite you and your family to join us in this special celebration and partake in the events that are being offered to the community. Our sincere thanks are extended to the numerous organizations at the colleges of CUNY that have dedicated their time and whose efforts contributed to the planning of this celebration.

Buon Divertimento,

Philip V. Cannistraro
Acting Executive Director and
Distinguished Professor of Italian American Studies
