Office Hours: Tuesday, Thursday 12:15pm – 1:30pm, Kiely Hall 503

Textbook

James Stewart, Essential Calculus, 2nd ed.

Syllabus

Please follow this link:
<http://qcpages.qc.cuny.edu/~jdodziuk/201-f2018/syllabus.pdf>
Note that we are not using WebAssign so only the first page of the syllabus is relevant.

Homework, exams and grading

Homework will be assigned at every meeting of the class but *will not be collected*. The homework will be discussed and questions about it will be answered in the beginning of each class. The most up-to-date list of homework assignments, information about midterms and the final examination can be found at

<http://qcpages.qc.cuny.edu/~jdodziuk/201-f2015/homework.pdf>

There will be three midterm exams and the final. The lowest score of the midterms will be dropped. The better two midterms will count for 60% of the grade and the final exam will be 40%. You will be allowed to bring to each test an index card of standard size with notes of your choice.
