

## Writing assignment due April 7th:

Visit at least 6 of these shows at galleries located in Manhattan (Chelsea or Midtown). They are all free. Choose 3 and write a paragraph describing the shows you enjoyed the most, expressing your likes and dislikes about each artist's work. Was the scale correct for the work? Was the choice of media correct (i.e. color, B&W, etc.)? How was the work hung (frames, no frames, mounted on plexiglass, etc.) Was there any image in particular that struck you as interesting, which stuck with you? Alternatively, was there a show you really disliked? If so, why? I'm looking for your opinions, but I'm also looking for backup of those opinions. For example, don't say "I liked \_\_\_\_\_'s show because the work was interesting". Be more descriptive.

If you need more information on a show, usually at the front desk there is a binder or a press release with information about the artist/show. You can also ask the person behind the front desk, often they will know a lot about the work being shown. Also, try taking a look at the gallery's web site.
