• The exams will be based on problems and theorems discussed in class as well as on the homework.
• There are no make-up or earlier exams.
• There is no make-up or alternate final.
• Missing a class does not release a student from the responsibility concerning the material and lecture notes.
• You are encouraged to ask questions in class.
• Missed exams require extensive documentation to verify absence. You are strongly encouraged to make every effort to attend exams. You can challenge my grading of an exam within a week after that exam.
